The UK's No 1 Maintenance & Facilities Software Producer

Maintec 2016

Visitors to the Shire stand (423) at Maintec 2016 can experience a full demonstration of Pirana CMMS as well as trying the full range of mobile applications, across a variety of platforms.

The Shire Systems Team will be demonstrating all aspects of the latest version of Pirana CMMS Maintenance Software including the new range of Management Reports and Mobile Apps.

The multi-platform Mobile interfaces have been overhauled, making them even easier to use. New products for the Mobile Pro range are Materials / Stock Control and Data Collection.

The team at Shire are uniquely experienced and are more than happy to offer help and advice on CMMS generally.

We look forward to seeing you at The NEC in March.

CMMS Training 2016

Shire has been producing maintenance management systems for over 32 years. As a consequence, the training team can deliver a truly insightful and useful range of courses.

Shire can offer you training either at one of our learning centres or your own premises.

This year we have scheduled courses at Southampton, Northwich, Edinburgh and Nottingham.

Please visit shiresystems.com/training to view the 2016 Training Schedule.

Shire training course are proving very popular so please book early to secure a place.
